

Introduces

eQMS-as-a-Service for small to mid-size companies

Ensuring compliance
with all applicable regulations

Why Choose QACV Consulting & Simploud?

Scalable solutions for small to mid-size companies

End-to-end support from setup to audit readiness

Secure, cloud-based, and user-friendly platform

Document migration support

Utilize Simploud eQMS as part of managed QACV services

Receive implementation, configuration, oversight, and ongoing eQMS management and support from QACV experts

Why eQMS-as-a-Service?

Smaller companies often lack the resources to implement a compliant eQMS and rely on tools like SharePoint or network folders for their QMS. QACV's **eQMS-as-a-Service** provides a scalable, cost-effective, and compliant alternative.

The offering includes:

- Replacement of non-compliant SharePoint or network folder structures with a secure, validated **eQMS** solution
- Cost-effective licensing at reduced cost licenses for unlimited number of users
- QACV Consulting management of key quality system activities including:
 - Vendor Audit
 - Validation
 - System Use and Administration SOPs
 - Training
 - Administration
 - Change Control
 - Periodic Review Processes
 - Electronic Signature Certification Support

Partnership: QACV + Simploud

QACV Consulting partners with Simploud to deliver clients the **eQMS-as-a-Service** offering.

QACV's clients can securely access the **eQMS-as-a Service** platform as part of their quality and compliance services, enabling real-time visibility into quality processes, controlled access to relevant documentation, improved oversight, and enhanced audit readiness:

- Centralized oversight of the Quality Management System (QMS)
- Standardization of governance documents
- Access relevant records, controlled documents, and status updates in one centralized system
- Improve oversight of ongoing quality processes
- Support audit readiness and inspection preparedness
- Improve efficiency and collaboration
- Scalable solutions tailored to your organization

Flexible Access for Clients

Depending on your needs, QACV Consulting clients can:

- Utilize our **eQMS-as-a-Service** solution as part of managed QACV Consulting services
- Access the platform directly for internal quality management
- Receive implementation, configuration, validation support, oversight, and ongoing **eQMS** management and support from QACV Consulting experts
